

Dr. Rogers A. Lumenyela (PhD Agricultural Economics)

Résumé

Dr. Rogers Andrew of Institute of Rural Development Planning (IRDP) is an Agricultural Economist and he is normally involved in teaching, consultancy and advisory services provision. His areas of expertise and interest are Project Planning and Management, Quantitative and Qualitative research, Principles of economics, Farm Business Management, Investment and Production Analysis, Project Monitoring, Evaluation and Impact Assessment, Value Chain Analysis and Development, Poverty and Livelihood Analysis.

Rogers Andrew is a lecturer in the department of Rural Development and Regional Planning of Institute of Rural Development Planning (IRDP). Also, before joining IRDP, Dr. Andrew served as assistant lecturer in the Department of Policy, Planning and Management of Sokoine University of Agriculture. He teaches project Management and Appraisal, Monitoring and Review, Impact Evaluation, Political Economy and Principles of Economics. As an academic staff of higher learning institution, Dr. Andrew is involved in consultancy and advisory services as sole consultant and through the university's organs especially through Bureau of Agricultural Consultancy and Advisory Service (BACAS) of Sokoine University of Agriculture. As it is detailed in the curriculum Vitae, Rogers has led and/or served in many teams to provide consultancy and advisory services. His role under this assignment is coordination of all activities to make sure the evaluation is accomplished successfully. Recent consultancy assignments that are relevant to the proposed assignment include the following:
